

Neat and easy to place coffee table with tubular legs

Simple yet sturdy coffee table with tubular metal legs. Eminently suitable for different types of work or educational environments. Neat and easy to place, it works well as either a side table in corridors, a sideboard or a coffee table. The tabletop is available in hardwearing laminate, which makes it a sustainable and durable choice for high traffic spaces.

It's easy to combine with other interior design elements for a well-coordinated look. These tables are available in different heights, making them easy to pair with different sofas, easy chairs, etc.

The table has been designed with minimal components, all of which can be replaced, separated and recycled, making it circular and sustainable in the long term.
