

Movable table with foldable top

Foldex creates smart and easy-to-change interior spaces. A perfect table for different types of meeting rooms, meeting areas or training environments. The tables are foldable and can be tightly nestled together to free up floor space. They are space-efficient and functional. By folding and locking the tabletop, the table takes up very little space when put away for storage. The underframe has sturdy lockable castors, so you can easily move the table around or put it away when not in use. The castors are locked with a simple tap of the foot. The leg design also makes it easier to clean under the table. The underframe is available in different colours, and the tables can be ordered in several different tabletop sizes and materials.

Functions & options

FLEXIBLE AND FOLDABLE

Foldex tabletop can easily be folded and locked, making the table take up extremely little room when put away for storage.

LOCKABLE CASTORS

The underframe has four sturdy castors so that you can move the table around or put it away when not in use. The castors are locked with a simple tap of the foot.

ASYMETRICAL LEGS

The clever leg design means that the tables can be placed close together, which saves a lot of space when storing.

Colours & materials

Kinnarps Colour Studio (KCS) is our range of materials for offices, schools and healthcare facilities, with a focus on sustainability, quality and harmony. It offers attractive materials that have been carefully tried and tested for suitability and sustainability in different types of spaces. The wide range makes it easy to find the look and functionality you want. Wood, metal, plastic, and textiles, colours and patterns that are easy to mix and match with each other and the rest of the interior design. This is a well-thought-out range that provides a harmonised and sustainable overall impression, and makes it possible to choose the right material and the right colour for the right place and activity.
