A SEAT FIT FOR ALL WAYS OF SITTING

- Scandinavia is a complete series of seating furniture with many different versions: straight sofas in several sizes, easy chairs, stools and add-on corners.
- Legs in two different heights make it possible to customise the section seating to different functions, for those who wish for a higher sitting height or with greater accessibility for cleaning.
- Removable upholstery, including on the carcass, makes it easier to keep the furniture clean or to freshen up the interior design with a new fabric.
- Scandinavia is available in many functional and beautiful fabrics; choose from our large collection, Kinnarps Colour Studio.
- The cushions are reversible for increased lifespan and better comfort.
